Art Unit: 2625

1. Claims 1-8 and 10-30 are pending. Claims 1, 4, 7, 12, 17, 23, and 27 are independent.

2. This application is in condition for allowance except for the following formal matters:

In claim 12, line 8, "the CCFL" lacks antecedent basis. The term is part of the newly added claim language. (Refer to claim 14.)

In claim 17, line 4, "the CCFL" lacks antecedent basis. The term is part of the newly added claim language. (Refer to claim 21.)

In claim 23, line 8, "heating, light source" should read -- heating light source --; and line 9, "a timer" should read -- the timer -- if "a timer" is referring to the basis of the term set forth on line 7.

In claim 27, line 5, "the lamp" lacks antecedent basis. The term is part of the newly added claim language. (Refer to claim 29.)

Claims 13-15 depend on claim 12.

Claims 18-22 depend on claim 17.

Claims 24-26 depend on claim 23.

Claims 28-30 depend on claim 27.

In this Office action, claims 12-15 and 17-30 are objected to.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. Claims 1-8, 10, 11, and 16 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Independent claim 1 as amended defines over Hu et al. (U.S. Patent No. 6,104,510). The examiner agrees with Applicant on the remarks that the newly added language to claim 1 is not taught by Hu et al. See REMARKS, section II on pages 8-9.

Claims 2, 3, 5, 6, and 16 depend on claim 1.

In dependent claims 12, 17, 23, and 27 as amended each include a newly added limitation similar to that of the claim 1.

Claims 13-15 depend on claim 12, directly or indirectly.

Claims 18-22 depend on claim 17, directly or indirectly.

Claims 24-26 depend on claim 23, directly or indirectly.

Claims 28-30 depend on claim 27.

Claim 4 now in independent claim form is allowable over Hu because the light source in Hu et al. that is interpreted to meet the claimed heating light source is the red LED (310), which is not a metal halide lamp as claimed.

Independent claim 7 was allowed in the previous Office action. Claim 7 is allowable over the prior art of record, including Hu et al. (U.S. Patent No.) and Chang et al.. (U.S. Patent No. 7,079,791). As noted in the Office action of October 26, 2007, Chang et al. discloses an apparatus similar as the claimed scanner. However, Chang et al. filed April 1, 2004 in the U.S. is not prior art to the present application filed August 17, 2003 and having a foreign priority date May 21, 2003.

Claims 8, 10 and 11 depend on claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
